HARBIN OIL FACTORY HAS VARIED PRODUCTION

The Tung-chien Oil Factory, located in Ea-erh-pin (Harbin), operates under the control of the Labor and Mines Bureau of the Fortheast Economic Committee. It is the largest and most modern plant in the Northeast and is important to the chemical industries of the area.

The factory has a daily capacity of 100 tons of beams. This is converted into 11 tons of crude oil from which 7 tons of pure oil may be refined. This pure oil is of sufficiently good quality to be used in low-voltage oil transformers.

The factory manufactures excellent-quality somp, with a daily capacity of 8,000 bars. It also produces caustic anda im sufficient quantity for its own soap production and for sale to other infustries. The caustic soda production per day to 565 pounds.

The factory amploys nearly 700 workers.
